FROM: Director, Air and Waste Management Division

TO: Mike Sanderson
Carl Walter

I discussed two issues with Bob Schreiber today which are of major concern to you.

1. Litton Industries - after I raised my concern about either the state or EPA taking a hard line on groundwater monitoring at Litton, Schreiber went back to his staff and they have decided to include the groundwater monitoring as a count in their suit against Litton and seek penalties. I told Bob that if they would be willing to do that, we would not take the action.

2.

Daw
